CINEMA ENGINEER – VACANCY

Cinema Next is the leading cinema integrator in Europe. We are looking to consolidate our market leading position in the UK and to further develop our business.

Due to continuing growth we are looking to recruit individuals with the skills and expertise to expand our engineering team.

Ideally, you will have a career within cinema engineering or AV, with experience across the range of cinema projection and sound equipment – installing, servicing and supporting. We will consider individuals outside of cinema who can demonstrate with the correct skill-set and who show an ability and keenness to develop their career further.

You will be proactive and personable, have a flexible approach to work and enjoy cinema.

Training will be given in the company's products and services.

Our UK head office is based in Uxbridge and the position will require significant travel within the UK, Ireland and occasional travel to various European locations.

Key Requirements:

- Fluent in English (written and verbal)
- Full, clean driving licence
- Experience of cinema equipment
- Experience of IT networks
- An understanding of the technical aspects of Cinema Exhibition (Projection and Cinema Audio)
- Computer literacy
- Organizational Skills
- The ability to work independently

The salary and benefits package will reflect the importance of this role.

This is an exciting opportunity for the right person and offers progression within the organisation.

We are an equal opportunities employee and welcome applications from everyone who may consider themselves suitable, regardless of gender, marital status, race, religion, colour, age, disability or sexual orientation.

Please apply in writing with a copy of your CV to Jerry Murdoch – Country Manager
